Tender for Biometric Attendance System for TISS

Reference No: TISS/CC/NIT/130
Last date for submission: 12th April, 2016.

Table of contents

Section A – Notice Inviting tender
Section B – Terms and Conditions
Section C – Porforma for Tenders' Profile
Section D – Project Schedule, Requirements and Specifications
Section E - Commercial Bid requirements
Section F – Payment schedule
Section A – Notice Inviting Tender

Applications are hereby invited, for the works noted below, from reputed, bonafide & resourceful electrical contractors having ability & experience of executing similar types of work. Out of the applications received a screening will be made and only those partied qualified, will be issued tender documents. The decision of the Institute about selection of the agency, irrespective of their status or reputation, shall be final and binding.

Tenders are to be submitted in prescribed tender form along with Schedule of items of work, Additional /Special Terms & Conditions, Scope of work, copy of this notice etc. for which petitions are to be submitted to the Registrar, Tata Institute of Social Sciences, V.N Purav Marg, Mumbai 400088 with the following:

1. Documents regarding performance of works in Institutes and/or in a highly reputed company/multinational for a minimum value of 10.0 lakhs for a single contract & submitting attested copy/copies of the same duly signed by the tenderer.(Only completion certificate/s issued by the department shall be entertained)
2. Valid and up-to-date Income Tax, VAT and service Tax registration, Professional Tax regn Certificate & submitting attested copies of the same duly signed by the tenderer.
3. Documents in support of average Annual Turn-over of three times of the contract price or Rs 15 lakhs during last 2 financial years (Based on Auditor’s report and also IT return)

The above criteria as a guideline for minimum qualification but merely fulfillment of all the criteria shall not automatically qualify an agency as the department may like to pick up the most reputed and experienced agencies of the country.

The right is reserved by the Institute to revise or amend the tender documents prior to the date notified for submission of the tender. Such revisions, amendments shall be notified in the form of addendum or corrigendum.

Section B – Terms and Conditions

General conditions
1. Throughout the Tender document the term “supplier”, “agency” shall mean the successful Tenderer.
2. The Notice inviting Tender, the Terms & Conditions, and the Specifications etc. will constitute the Tender Document Set.
3. The Registrar, Tata Institute of Social Sciences reserves the right to accept or reject any tender offer without assigning any reason, whatsoever. The Institute is not bound to accept the lowest price offer. Current and valid income Tax Certificate, Service Tax Registration, Sales Tax Clearance Certificate dispensed with Sales Tax registration no.(if any) or VAT and Valid Trade license Certificate should be submitted along with tender: otherwise the quotation would be ignored.
4. The quoted rates should be inclusive of all taxes.
5. A tender not confirming to the Terms and conditions and specifications mentioned in the tender documents is liable to be rejected.
6. The price schedule should reflect all the taxes levied separately. Basic price and taxes to be quoted separately.

8. Copy of Balance Sheet showing yearly turnover of Rs. Fifteen Lakhs for the last two financial year or thrice the quoted value whichever is lower.

Section D - Project Schedule, Requirements and Specifications

The project will be done in two phases:

**Phase 1** – Employee attendance (Wallmounted bio-metric devices needed – 4)
Phase 1 includes installation of 4 wallmounted bio-metric attendance devices, employee enrollment, software customization and implementation for employee attendance at the Mumbai Campus.

**Phase 2** – Student attendance (No. of handheld devices - 50)
Phase 2 includes installation of 50 bio-metric attendance devices, student enrollment, software customization and implementation for student attendance at the Mumbai Campus.

**Specifications for Bio-metric attendance device:**

- **Credential Support** - Fingerprint, RFID Card and PIN
- **Finger Templates Per User** - 10
- **Fingerprint Module Type** - Optical
- **Card Type Support** - Proximity (EM PROX) and Smart Card (Mifare/NFC, HID iCLASS)
- **Fingerprint Templates** - 12000 (1:N mode), and 100,000 (1:1 mode)
- **Unique User Capacity/ No. of employees** - 5000
- **Fingerprint Verification** - 1:1 and 1:N
- **Cards per User** - 2
- **Events Buffer/ No.of transactions** - 500000
- **Display** - 3.5" TFT Display with Touchscreen (For wall mounted), 2.5" TFT Display with touchscreen (For hand held)
- **Dimensions** – 180(L)*134(W)*36(D) (For wall mounted), 75(W)*182(H)*36(D) (For hand held). These dimensions are approximate, however the vendors should ensure that the width of handheld device is much lesser than the wall mounted one so that it can be held in one hand comfortably.
- **Buzzer** - Yes (Note: For the handheld device, there should be provision to switch off the buzzer)
- **Power over Ethernet (PoE)** - Yes
- **Communication** - Ethernet, Wi-Fi and Mobile Broadband (2G, 3G, GPRS)
USB - 1 Port (Data Transfer and Wireless Connectivity)
External Reader Types - 1 Port for Card/ Finger/ Card+Finger/ UHF Reader
Exit Switch Port - Yes
External Reader Interfaces - RS-232 and Wiegand
External Reader Power Output - Internal 12VDC @ 0.5A or External
Auxiliary Output Port - Relay SPDT, Form C, 1A @ 30VDC
Auxiliary Input Port - Programmable NO, NC, Supervised
Tamper Detection - Yes
CPU - 1GHz Arm Cortex A8
Memory - 256MB Flash and 512 MB DDR3 RAM
Input Power - 12VDC@2A
Environment Protection - IP65
Battery Backup – 6 Hours or more
Verification/ Indentification time – Less than 1 second

Note: Vendors may mention better specifications than the ones mentioned above. In the technical bid, the vendors have to clearly describe and justify why the specifications mentioned by them are better than or equivalent to the ones listed above.

Specifications for the software:
The institute prefers the platform of the attendance software for students and employees to be in open source/ free software, however vendors with proprietary solutions may also apply. Details of the operating system, database server, web application framework that will be used should be clearly mentioned in the 'Technical Bid'.

Note: All softwares mentioned in the bid which are not free softwares and additional softwares required to run the system along with the anti-viruses needed will be bought, installed and maintained by the supplier for the term of the contract. The institute will only provide the server and network connection.

General Features in the web based attendance software for staff and students:
1. Should comprise of all masters, basic access control software, and basic attendance software for employees/ students and enrollment module.
2. It should support multi campus, multi location, multi department, multi login with different rights, multi hierarchy of employee
3. Configurable Employee Hierarchy with Multiple employee categories ,multiple Employee Type, different Employee Status
4. Should capture attendance based on shifts
5. Handheld students attendance terminal for marking attendance during the class and staff
attendance in campus
6. Possible to configure attendance device number indicating class number
7. Possible to configure any number of slots for attendance.
8. Class schedule wise attendance report generation indicating students present in specific class. Possible to customize requirement in software.
9. Handheld device with build-in battery and easy to handle by students, person taking attendance.
10. Fingerprinting enrollment using software or through device and copy fingers from one device to other device.
11. Handheld and wall mount device to have same protocol and communication standard and should be interoperable.
12. Device should support communication in Pull and Push based TCP communication.
13. Device should support ethernet, TCPIP, TCP, UDP protocol and bluetooth incase of handheld
14. Buzzer or beep on device should configurable to make on/off so that sound is avoided in class room.
15. Possible to disable keypad of device to avoid misuse by students.
16. Device should support different mode of operation card only, card + finger and finger only.
17. It should support reading existing cards issued to students/employees
18. Device should have battery backup for 6 hours
19. Integration with existing students management system and ERP and support for database level and API level integration. The institute software runs on GNU/linux with postgreSQL as the database. Integration with LDAP should also be possible

Notes: The above mentioned are general specifications and are not to be treated as final. The specifications for the software will be finalized during the implementation of the project after discussions with the agency. The agency should be ready to integrate the institute ERP and student management system with their software and customize their software as per institute's needs.
